## That's Amore

Posted by Poet in New Poems category, January 11, 2007 @ 10:20 am

### **That&rsquo;s Amore**

It has been described too often by too many.  
It enchants; it is expensive  
and could even drown you  
if you do not watch your step.  
It is tawdry, often, visited by those  
for whom it is a theme park.  
It is easy to get lost in it.  
But that&rsquo;s the chance you have to take:  
to take the twisting side streets  
leading from San Marco  
till you can hear the water  
lapping in the stillness;  
then watch the phosphorescent little splash  
your guidebook makes  
as you toss it from the Bridge of Sighs.
